Dear Mr. Wilson,

We are sorry to have to advise you that the vessel on which your Son was serving as Second Radio Officer, has been attacked, but according to the reports received from the Admiralty only three Members of the crew are missing. These are named, and as your Son is not included in this list, you can take it that he has been saved.

We must ask you to keep the information private in the meantime, and the ship's name must not be mentioned. We felt it only right to advise you immediately, and can assure you that as soon as any further news is received you will be advised.

Yours truly,
J. & J. DENHOLM LTD.,

22159.

Director.

Mr. Norman Wilson,
13, Albert Terrace,
Mussleburgh.

P.S. Glad to say full crew with the exception of the three missing men have now been landed in St. John.
